Education

MAY 2025 - OCTOBER 2026

Google, online - *Google UX Professional Certificate*

The Google UX Design Professional Certificate is made up of seven courses, developed by Google, that includes hands-on practice-based assessments which are designed to prepare the student for introductory-level roles in UX design. It enables the student to be able to complete the design process from beginning to end: empathising with users, defining their pain points, coming up with ideas for design solutions, creating wireframes and prototypes and testing designs to get feedback.
